INTERVIEW SUMMARY

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This paper summarizes a telephone interview between Applicant's representative, Scott J. Gerwin, Examiner Tariq Najee-Ullah, and Examiner Krista Zele. During the interview Applicant's representative sought clarification from the Examiners as to where they believe the asserted combination of prior art references teaches the limitation of claim 41 that recites, a content address for a unit of data that is based upon "at least a portion of the content of the unit of data." Examiner Najee-Ullah indicated that he believes paragraph 85 of Nakayama discloses this limitation. Applicant's representative disagreed that paragraph 85 of Nakayama teaches this limitation, and no agreement was reached during the interview.

Respectfully submitted,
